Marathi Hindi English

PROFILE

PHP Developer with 5+ years of experience in designing and developing web-based applications using Laravel, CakePHP, PHP, MySQL, HTML, CSS, and JavaScript. Experienced in building database-driven internal systems, including recruitment, manpower requisition, device registration, bus pass, and performance appraisal portals. Skilled in developing writing maintainable application logic for organizational use. Currently expanding skills in Python and AI-focused practical tools.

PROFESSIONAL EXPERIENCE

Research Scientist (IT)

Society for Applied Microwave Electronics Engineering & Research (SAMEER) | Aug 2023 – Aug 2026| I.I.T.B. Campus, Powai

- Designed and developed Centralized Recruitment portal in Laravel for streamlining candidate application against various posts across all SAMEER centers.
- Built a QR Code-Based Bus Pass System in Laravel for maintaining daily attendance of employees availing bus transportation service of organization.
- Built secure, maintainable back-end solutions for organization.

Research Scientist (IT)

Society for Applied Microwave Electronics Engineering & Research (SAMEER) | Jul 2021 – Jul 2023 | I.I.T.B. Campus, Powai

- Designed and developed Online Recruitment portal in CakePHP for maintaining candidate application records for Mumbai/Kharghar centers.
- Built a Device Registration Portal that enabled users to register device MAC addresses for internet access through the organization's proxy tunnel.
- Developed a Manpower Requisition Portal that maintained project-wise manpower requirements and allotments for departmental heads.

Graduate Apprenticeship Trainee

Society for Applied Microwave Electronics Engineering & Research (SAMEER) | Dec 2018 – Dec 2019 | I.I.T.B. Campus, Powai

- Developed Annual Performance Appraisal Report (APAR) in CakePHP that digitizes annual performance evaluations of all scientific staff across all 5 SAMEER centers.
- Developed Employee Management Portal in CakePHP for digitizing employee details.
